### GET THE JOB DONE RIGHT-RIGHT NOW.

Give your mobile workers the tools they need to get the job done right-right now with the MC65. They will redefine productivity with the MC65 in hand-one of the toughest and most flexible EDAs on the market. Desktop-like application performance and our most robust scanning, camera and GPS technologies plus a customizable user interface make data capture and information access easier than ever. And with the ability to connect to virtually any carrier anywhere in the world, the MC65 rugged mobile computer can better serve your business.

#### Always-on Access to Enterprise Applications

Get real-time access to critical backend systems and the ability to interact with applications that provide the latest information, enable updates, and relay critical data.

#### Switchable 3G Networks

An industry first: software configurable dual 3.5G WAN connects flexibly to both GSM and CDMA networks. Deploy a single pool of devices anywhere in the world on virtually any network. With the appropriate service plans, users can easily toggle between networks.

#### One-Click Data Capture

Empowers mobile workers to capture photos, videos, bar codes and documents instantly - recording vital information that used to be scribbled down - or missed entirely.

#### Customizable Enterprise UI

User interface tailored for the enterprise empowers mobile workers to put the applications and functions they use most right at their fingertips. Faster, easier access to what is really important - to maximize workflow efficiency.
