Dual Drivers for Twice the Sound

Each earbud contains two drivers which greatly increase your audio range. This means you get high and mid-frequencies as well as a lot more bass. The blend of all three makes the sound fuller and your music experience richer.

6mm Dual Neodymium Drivers per Earbud

To accommodate two drivers inside each earbud case, we use powerful but lightweight Neodymium magnets. Premium components mean richer, fuller sound for an enhanced listening experience.

Full Control at Your Fingertips

The wireless control features simple, intuitive buttons that keep your music and calls within reach while the magnetic clip secures your earbuds when they're not in use.

Tough Enough to Keep Up

Made to meet IPX-2 standards, the Impulse Duos' sweat-resistant design can handle any workout.

- Premium Sound: Dynamic dual drivers deliver twice the sound to each ear
- 6mm Dual Neodymium Drivers per Earbud: Powerful and lightweight drivers deliver crisp, clear sound
- Wireless Control: The wireless control clips to your shirt collar so that convenient music and call controls are easily within reach
- Cable Management: Your wireless control features a magnetic clip that securely stores the earbuds when they're not in use
- 10 Hours of Battery: 10 hours of battery life in between charges keeps your playlist going, song after song
- IPX-2 Sweat Resistance: A sweat-resistant design meets IPX-2 standards to keep the music going through any workout
- Three Sizes of Earbud Tips: Impulse Duo Wireless comes with 3 different sizes of earbud tips to give a customized fit
- Earbud Tips for Life: If your earbud tips become worn or damaged, IFROGZ will replace them
